

## Centre review of marks process and timescales for 2022-23

**\*\*Information for students - please read this, alongside the 'How we standardise and moderate your work' document on the College portal under 'Exams' before requesting a review of marking\*\***

The following applies to the internally assessed coursework elements of the subjects outlined below.

Humanities	Creative	Maths & Science	Other
English Language	Drama	Computer Science	EPQ
English Lang. & Lit.	Film Studies	Geography	
English Literature	Fine Art	Biology practical endorsement	
GCSE English spoken endorsement	Graphic Communication	Chemistry practical endorsement	
History	Media Studies	Physics practical endorsement	
	Photography		
	Physical Education		
	3D Design		

For the subjects listed above, the following process is in place for allowing students the opportunity to request a centre review of marking for internally assessed work in the summer term 2022. A **review of marking** is where a different teacher(s) not involved in the original marking of your work, reviews the work to make sure the agreed mark scheme has been applied correctly.

- For each subject a student undertakes a coursework unit, they will be informed about how this work is marked, standardised and moderated by their teachers. This will be done at the start of the coursework process. They will also be informed about where to get more information about our centre review of marking process should this be needed.
- Each candidate will be informed of their mark(s) for centre assessed work (see dates in the table overleaf).
- Students may request copies of materials that will assist them in considering whether a review of marking is appropriate. All subjects will have appropriate mark schemes and specifications on their portal sites to assist students in this decision making process. We would strongly advise that where possible, a student speaks to their class teacher to help them understand why the mark was awarded prior to submitting a review of marking request.
- Students will be provided with a 48 hour window to review their work and appropriate mark schemes to make a decision whether the mark scheme has been applied appropriately (see dates in the tables below).
- Students must complete the 'Internal Appeals Procedures' form in full outlining **why they believe the mark scheme has not been applied appropriately** and send it to the Examinations Officer at [internalappeals@esher.ac.uk](mailto:internalappeals@esher.ac.uk).
- Students must pay £40 for their review of marking through the college payment system within the same 48 hours. Your appeal will not be processed if payment has not been made.
- A review of marking will be carried out within departments. Where possible, a member of staff within the department who has not previously marked the candidates work will conduct the review. Where this is not possible, support from a third party will be sought.

- The reviewer will ensure that the candidate's mark is consistent with the standard set by the centre and **the mark may either stay the same, move up or go down** depending on the outcome of the review.
- The Examinations Officer will inform the candidate promptly in writing of the outcome of the centre's review of marking before marks are submitted to the exam board.
- There is no right to appeal this review of marking once complete.

**IT IS IMPORTANT TO NOTE THAT MARKS CAN STILL BE ADJUSTED BY THE EXAMINATION BOARD DURING THEIR MODERATION PROCESS AFTER MARKS HAVE BEEN SUBMITTED BY THE COLLEGE.**
